2. Experience
- 3. Impact**

Impact

“ I am so happy I finally had surgery. I

now feel younger, prettier and happier! My friends and family, especially my husband, love my new look. My self-esteem has increased and I feel a big difference within me. I used to want to hide and didn't feel good about myself. Now, I notice more people approach me as my attitude has softened and I feel confident.

Cosmetic surgery has had a positive impact on my personal and professional life. My friends, family and co-workers can see a big difference in me, both inside and out. I am very satisfied with my overall experience with my doctor and the staff — I have just scheduled additional cosmetic surgery at the Austin-Weston Center.”
